

## 2. Reaching the venue with public transportation

Zurich has a very dense transportation network, so commuting within the city center should not require much effort and time from your side. You can purchase your ticket at every bus / tram stop you choose. As an example, the price for a 24-hour ticket covering all means of public transportation is 5.40 CHF.

### a. If you are staying in the city center (Zurich Old Town):

From the bus stop “Haldenegg”, take the ETH Link, which will take you directly to the Hönggerberg Campus. The bus stop is easily accessible on foot from most locations within the city center as well as from the Main Station (Hauptbahnhof).

If your accommodation is located in the center the ETH Link is proposed as a preferable means of public transportation, since its use is **free of charge** for all ETH students, staff and visitors.

Nevertheless, there are multiple different options of public transit from Zurich city center to the ETH Hönggerberg Campus and a conventional navigation app such as Google Maps would suffice to guide you through these options.

### b. If you are staying in Oerlikon:

Either from the bus stop “Bahnhof Oerlikon Nord” or from “Max Bill Platz” take the 80 bus in the direction of “Triemlisplatz”, which will take you directly to the Hönggerberg Campus.

## 3. Accommodation

### 1. <https://sorellhotels.com/de/rex/zuerich>

(very close to Zurich Main Station and the Old Town, with reasonable prices).

### 2. (the “superior” rooms are more quiet compared to the “comfort” ones)

### 3. [https://www.sternenoerlikon.ch/?utm\\_source=google&utm\\_medium=organic&utm\\_campaign=gmb\\_hotel\\_listing](https://www.sternenoerlikon.ch/?utm_source=google&utm_medium=organic&utm_campaign=gmb_hotel_listing)

(close to the Oerlikon train station, which is very close to the Zurich airport. From the Oerlikon station passes also the 80 bus line to ETH Hönggerberg, where the venue of the event is located)

(Oerlikon, direct bus 80 to ETH Hönggerberg)

5. <https://hotel-kronenhof.ch/60.html>

This is 3-star hotel (very close to ETH Hönggerberg, only a few stops with the 37 bus line, but farther away from city center). The reviews are not the best for this hotel, since it is not considered one of the “nicest” ones, but we do include it as a cheaper option, for those who would prefer it.

6. <https://scheuble.ch/> and <https://www.hotel-wellenberg.ch/>

Downtown Zurich (Niederdorf), quite centrally located in the Old Town. The website of the latter hotel is currently under construction but perhaps you can find them in booking.com to book a room.

Additionally you may consider visiting:

[www.airbnb.ch](http://www.airbnb.ch)

[www.booking.com](http://www.booking.com)

[www.hotels.com](http://www.hotels.com)

In general we would advise our visitors and delegates that for the aforementioned hotels they also look up the prices in booking.com, since sometimes booking.com offers the same rooms cheaper.
